Communication

It is recognized that open, two-way communication between District managers, supervisors, staff, and other employees, about workplace violence issues is essential to a safe and productive workplace. The following communication system is designed to facilitate a continuous flow of workplace violence prevention information between management and staff in a form that is readily understandable by all employees, and consists of the following:

DRAFT

Workplace Violence Incident Reporting Procedures

The District will implement the following effective procedures to ensure that:

- All threats or acts of workplace violence are reported to an employee's supervisor or manager, who will inform the WVPP administrator. This will be accomplished by sending an email communication unless the incident is severe enough, then a phone call would be warranted. If that's not possible, employees will report incidents directly to the District Chief Park Ranger.
- Employees should report all threats or acts of workplace violence to their supervisor or manager. The supervisor or manager will be required to inform the Administrator. In the event a supervisor or manager is not available, the employee can report an incident directly to the Administrator or Human Resources. A strict non-retaliation policy is in place.

DRAFT

Emergency Response Procedures

In the event of an actual or potential workplace violence emergency, the employee should determine the best immediate reporting option based on the situation and circumstances. The methods of reporting emergencies include, but are not limited to:

- Dialing 9-1-1.
- Immediately notifying the District Chief Park Ranger:

Park Ranger Contact #	(760) 718-1174

Refer to Appendix C for procedures on how to respond to specific workplace violence emergency scenarios.

Workplace Violence Hazard Assessment

A Workplace hazard assessment will be conducted by the Administrator, in conjunction with the Park Rangers and Human Resources, utilizing the Workplace Violence Prevention Hazard Assessment & Correction Form (Appendix B). Appendix C

WORKPLACE VIOLENCE EMERGENCY RESPONSE SCENARIOS & PROCEDURES

WORKPLACE VIOLENCE ACTS OR THREATS

Workplace violence is any act or threat of violence that occurs at the workplace. These incidents can include acts or threats of physical violence, intimidation, or harassment. Verbal abuse, physical assault, and homicide are all examples of workplace violence. We have zero tolerance toward all forms of violence.

FOUR TYPES OF WORKPLACE VIOLENCE

- **Type 1 violence** - Workplace violence committed by a person who has no legitimate business at the worksite and includes violent acts by anyone who enters the workplace or approaches employees with the intent to commit a crime.
- **Type 2 violence** - Workplace violence directed at employees by customers, clients, patients, students, inmates, or visitors.
- **Type 3 violence** - Workplace violence against an employee by a present or former employee, supervisor, or manager.
- **Type 4 violence** - Workplace violence committed in the workplace by a person who does not work there but has or is known to have had a personal relationship with an employee.

Workplace violence does not include lawful acts of self-defense or defense of others.

EMPLOYEE WARNING SIGNS

Often, warning signs are observed in employees, customers, and others who may behave violently on a work site. These behaviors may include:

- Intimidation.
- Rude behavior toward fellow employees.
- Frequent arguments with co-workers or clients.
- General aggressive behavior like hitting or kicking objects, breaking things, or screaming.
- Acts of revenge like stealing or property damage.
- Verbal wishes to harm other workers.

While there is no perfect way to predict violence will occur, any combination of these behaviors may be a signal. Employees are encouraged to report these actions to the **Administrator** to prevent further escalation of any type of violent situation.

WARNING SIGNS FROM CUSTOMERS

- The person is not satisfied with any solutions you offer.
- Unreasonably agitated.
- Physical posturing (clenched fists).

If the verbal confrontation starts to escalate, remain calm, courteous, and stay neutral. Let them know you are contacting a manager to further assist them. Trust your intuition to determine if help is needed.

WHEN HELP IS NEEDED

- Continue to try and help the person by listening and providing feedback until law enforcement has arrived.
- If at any time you believe you are potentially in physical danger, yell for Help!
- If you are being assaulted:
 - Yell for help.
 - Look for a way to escape.
 - Act with aggression.

PERSONAL SAFETY

- When leaving the building:
 - Be alert to your surroundings and look around the area outside before exiting the building. Do not use or look at your phone.
 - Attackers expect passive victims, so walk with a steady pace, appear purposeful, and project confidence.
- While in your vehicle:
 - Have your keys in your hand as you approach your vehicle so that you do not have to search for them.
 - Before entering your vehicle quickly check the back seat and around the vehicle for anything unusual.
 - Always lock your car doors as soon as you enter the vehicle.

ACTIVE SHOOTER

The three most common response options for an active shooter event are evacuate, hide out, or take action. During an active shooter event, employees need to be able to determine their best course of action for the situation they are facing.

CHARACTERISTICS OF AN ACTIVE SHOOTER SITUATION

An active shooter is an individual actively engaged in killing or attempting to kill people in a confined and populated areas, typically through the use of firearms. Victims are typically selected at random. The event is unpredictable and evolves quickly. Law enforcement is usually required to end an active shooter situation.

HOW TO RESPOND

- 1. EVACUATE**
 - Have an escape route in mind.
 - Leave immediately.
 - Keep hands visible.
- 2. HIDE OUT**
 - Hide in an area out of the shooter's view.
 - Block the entry to your hiding place and lock doors, if possible.
 - Silence your cell phone.
- 3. TAKE ACTION**
 - Last resort when your life is in imminent danger.
 - Attempt to incapacitate the shooter.
 - Act with physical aggression and throw items at shooter.
 - Have an escape route in mind.

CALL 911 WHEN IT IS SAFE TO DO SO

When law enforcement arrives remain calm and follow all instructions.

- Put down any items in your hands (i.e., bags, jackets).
- Raise hands and spread fingers.
- Always keep your hands visible.
- Avoid quick movements toward officers.
- Avoid pointing, screaming or yelling.
- Do not stop to ask officers for help or direction when evacuating.

Information to provide law enforcement when asked:

- Location of the active shooter.
- Number of shooters.
- Physical description of shooters.
- Type of weapons if known.

Training resource:

- [Department of Homeland Security](#)
- [DHS Active Shooter Preparedness Video](#)

BOMB THREAT

Most bomb threats are false and primarily intended to elicit a response from building occupants. However, no bomb threat should be assumed fake. If a potentially harmful device is found, call 911 for assistance.

PHONE THREAT

- Remain calm.
- Immediately use the Bomb Threat Checklist for guidance and to document the call.
- After the caller has ended the call, notify the Administrator.
- If the threat was left on your voicemail, do not erase and immediately notify the Administrator.

WRITTEN THREAT

- Handle the document as little as possible and immediately notify the Administrator.
- If the threat should come via e-mail, save the information.

POSSIBLE EVACUATION

- The Administrator will call law enforcement and follow their instructions.
- The decision to evacuate is handled on a case-by-case basis on instructions given by law enforcement.

CIVIL UNREST

Civil unrest events are often associated with riots, looting, or protests. In these instances, sheltering-in-place is an action taken to protect the building occupants from external hazards, minimizing the chance of injury and/or providing the time necessary to allow for a safe evacuation.

SHELTER IN PLACE

If there is a need to shelter-in-place the Administrator or person-in-charge will advise employees and guests of the emergency. Please note employees and guests cannot be forced to shelter-in-place.

- The person-in-charge will collect the names of everyone in the shelter area.
- If possible, the business voicemail recording will be updated to indicate the building is closed due to the emergency.
- If the civil unrest includes hazardous chemicals, the HVAC systems may be shut off.
- If in danger of broken glass, window shades will be closed.
- Emergency supplies will be moved to the shelter area.
- The District will listen/read available mediums (radio, internet) for further instructions until we are told all is safe or to evacuate.

MEDICAL EMERGENCY

CPR/AED

NON-Trained Responder:

- Call 911 and designate a person to direct EMS personnel as they arrive.
- Do not move person unless absolutely necessary.

SUSPICIOUS PACKAGE

Explosives or other life-threatening items can be enclosed in either a parcel or an envelope, and its outward appearance is limited only by the imagination of the sender. However, suspicious packages have exhibited some unique characteristics that might assist you. To apply these factors, it is important to know the type of mail normally received.

CHARACTERISTICS TO LOOK FOR IN A SUSPICIOUS PACKAGE OR LETTER

- Restricted endorsements such as "personal" or "private." This is important when the addressee does not normally receive personal mail at the office.
- The addressee's name and/ title might be inaccurate.
- Distorted handwriting, or the name and address might be prepared with homemade labels or cut-and-paste lettering.
- Protruding wires, aluminum foil or oil stains visible.
- Emit a peculiar odor.
- Envelope might feel rigid or appear uneven or lopsided.
